Aadhira

*A*adhira is another name for the beautiful Moon and just like Moon this collection of natural textures and small geometric patterns printed on a gorgeous dobby woven fabric produced on the dobby loom, will bring beauty and tranquility to your home.

This fabric is 100% polyester and is characterised by the extra matt finish texture in the cloth which gives it a cotton look and feel. The small prints in the basic earthy tones will give a sense of openness and calmness.
