# HYPO 33 EXTERIOR LOUVERS

Developed with the latest technology, FRONTAGE LOUVER combines the durability of co - extrusion and the warm appearance of wood. The false open joint profile and hide screw design makes it trendy and modern in looks. Best and reliable product, designed to last for many years and also helps to preserve the environment. With nice patterns and shades, which are similar to exotic woods, our clads provides a unique emotion to live for an exclusive experience .
